Date: December 23, 2024

Thank you for everyone that entered the Pappy Van Winkle / BTAC Lottery. All winners were notified over the weekend and have started purchasing their bottles today. Our next Allocated Lottery will hopefully be in February and we anticipate the following items being available. Check our website for the Lottery start date and the actual items available at that time.

- Elmer T Lee
- Stagg Jr.
- EH Taylor Small Batch
- EH Taylor Straight Rye
- Blanton's Gold
- Old Fitzgerald BIB Decanter
- EH Taylor Barrel Proof
- Parker's Heritage

Note: Some items that have been listed by the state as Allocated in the past, are now being listed as **Limited**. **Limited** is a new classification for items that are extremely hard to find but may be in too short of supply to have an Allocated status. These type items will be randomly placed in our stores during 2025 and may not have a purchase limit on them. That will depend on each item. Some will have a purchase limit, while some will not. This may include Wellers, Michter's, Four Roses Small Batch and Russel Reserve..... to name a few.

We should continue to have Buffalo Trace, Eagle Rare, and regular Blanton's each month. However, those items when randomly placed in the stores normally sell out very quickly.
